partners to make this project a reality. The land donated by the Township of Langley is near public transit and the project has support of the local businesses.

S. Baker, President of the Board of Directors, noted that Encompass Support Services Society was formed as a merger five years ago between Aldergrove Neighbourhood Services and the Family and Youth Services Society. She stated that potentially the Hub could be a place for seniors and youth to work together and develop a mutual respect. This could lead to less elder abuse and seniors isolation. She further introduced L. Roberts.

L. Roberts commented that this is a community project that was inspired by local youth, and that the goal is to address the social, mental, and physical needs of youth. The Hub will provide many services including; medical services, meals, short term beds, counselling, showers, job help, and a safe place to gather. The Hub currently operates two days per week and serves 40-50 youth each night. Services will now be offered seven days per week at its new location at 20285-62 Avenue. The Hub could not operate without the many community organizations and partners who donate their time and services. More information can be found at their website: www.langleyyouthhub.com

Discussion ensued and the comment was raised about having intergenerational programs and how the Seniors Advisory Committee can support this initiative.
