PREPARATION WORKSHEET

In preparation for our first session, please think about the following questions:

What are some success indicators criteria to assess the current and future health or sustainability of the Township or its communities?

What are some external influences or trends (outside the Township) impacting the Township or its communities?

What are some local factors of conditions or trends (within the Township) impacting the Township or its communities?

What do you think are some significant Township or community issues and opportunities that should be strategically considered by Council?

Please bring this page with you to the session
Thanks, Session Facilitator – Gordon McIntosh
