The Public Hearing for the Bylaws was held on January 20, 2014 with third reading given on February 3, 2014. In accordance with Council policy, staff advise that the public hearing for the Bylaws was held more than a year prior to the proposed final reading date. Although resolution of the development prerequisite items was on-going and the on-site rezoning signs remained in place, the Bylaws were delayed until the neighbourhood park and elementary school site for the Southwest Phase of Yorkson was secured to the acceptance of the Township and School District No. 35 and off-site engineering requirements were resolved.

CARRIED

M. OTHER BUSINESS

At the July 23, 2018 Regular Evening Meeting of Council, Councillor Arnason provided the following Notices of Motion:

M.1 Seniors Village Development

Recommendation: Whereas manufactured home parks provide a unique and affordable residential opportunity within the community, especially for older adults, but resident's tenure is undermined by a lack of security by third party property ownership and changing market conditions;

Whereas the redevelopment of existing manufactured home parks creates housing insecurity;

Whereas the Township of Langley Housing Action Plan adopted by Council in 2013 identifies a short term objective of enhanced consideration with respect to the redevelopment of manufactured home parks, to include an array of affordable options;

Whereas it is necessary and desirable to ensure that seniors have a range of opportunities upon rezoning and redevelopment further to the Township of Langley's Manufactured Home Park Council Policy No. 07-121; and

Whereas these opportunities should either equal or approximate the lifestyle and relative economic framework derived from a manufactured home park;

Therefore be it resolved that Council direct staff to review the recent changes to the Brookwood Fernridge OCP in order to provide concrete options for a future Council's consideration, for the siting of a seniors village development component either on Township owned or private lands, to be advanced with financial partnering with senior levels of government and community amenity charges in order to build affordable housing for our most vulnerable residents who may be displaced by the redevelopment of any existing manufactured home park.

M.2 New Hospital in the Township of Langley

Recommendation: Whereas the Township of Langley is currently the fastest growing community by population in Metro Vancouver;

Whereas the Township's population grew by 12.6% between 2011 and 2016 according to census data and that population increase is anticipated to remain at 3% or more annually for the foreseeable future;

Whereas the Township is increasingly approving higher buildings with intensified density which includes approved and potential high-rise developments which will add significantly more residents over the next few years;

Whereas Langley Memorial Hospital is an aging institution with a limited footprint which is currently capable of only of incremental upgrades to meet current demand; and

Whereas good public policy requires that local governments work collaboratively with senior levels of government in order to ensure the health and safety of local residents and access to adequate local health care in a timely manner;

Therefore be it resolved that Council direct staff to correspond with the Ministry of Health and Fraser Health Authority senior executives in order to outline our concerns and to facilitate a framework for dialogue and focussed discussions regarding collaboration between our levels of government and the Fraser Health Authority in order to ensure that local development is rationally tied to the ability to provide adequate health care through the construction of a new hospital in Langley Township, or its near vicinity, in the foreseeable future.

Councillor Fox presented the following Notice of Motion within the deadlines according to Council's policy:

M.3 Code of Conduct Bylaw

Recommendation: Whereas the City of Port Moody has recently adopted (July 24th, 2018) a new 'Code of Conduct' Bylaw for Municipal Council members;

Whereas it is the first of its kind in our province, although modelled after a template used in Alberta; and

Whereas it incorporates mechanisms to hold Councillors accountable including the implementation of informal and formal complaint

processes as well as possible sanctions that may be imposed if a complaint is upheld;

Therefore be it resolved that staff review this 'Code of Conduct' Bylaw and report back as to its applicability for implementation in the Township of Langley, noting what its strengths are and what would need to happen for it to become a reality in the Township.
