# McClughan Park Committee Proposal: McClughan Park Learning Facility

**Let's Create a Learning Legacy and Recreation Space for Our Walnut Grove Children & Community Members**

## Vision

Our McClughan Park Committee's desire is to partner with the Township of Langley to create a learning facility for students, community members and groups. This includes a covered picnic table area, pit latrine and a community garden. This would be for the westside of McClughan Park in Walnut Grove, facing 204th Street.

## **Basis**

1. Research supports the need for children learning and caring about nature in outdoor spaces for wellness purposes.
2. The park was first developed in the 1980s, and now decades later we believe there needs to be attention and improvement to this section of McClughan Park.
3. Creates ownership and partnership between two schools - Gordon Greenwood Elementary and Dorothy Peacock Elementary. Together the schools service approximately 900 children. Outdoor education is important to educators in both buildings.
4. Utilizes space to provide families and community groups an area of gathering to enhance the leisure and recreation throughout the seasons and different types of weather conditions.
5. Relieves the waitlist on Community Gardens of Walnut Grove, near Walnut Grove high school and Topham elementary school.
