Subject: [EXTERNAL] Special meeting re Cannabis.

Dear Mayor and Council;

I am writing to you regarding the votes on allowing or disallowing applications to move forward. I think that an error was made.

According to the policy released on March 9, 2020 (07-410) the location criteria states : 5.1.1 Generally, the proposed location for a cannabis retail store should not be located within 200 metres of: an existing school; park; recreation centre; or another cannabis retail store, including those located in adjacent municipalities.

Nowhere in that policy is the word daycare. Yes, we are next to a daycare. The daycare that chose to locate next door to a Liquor Store? A Liquor store that has been located at that location since 1989. I fail to see how infant to 3-year old who cannot leave their premise without an adult can be affected by a retail store. I understand that any particular application may or may not go forward based on the merits of the application.

I feel that excluding our application because of criteria that wasn't listed when we made our application is unfair.

Sincerely,

Jeff Paul.
