Universal Charging System

Whereas the European Council has put forward the concept of a Universal Charging System for electronic devices (Cell phones, computers, etc.); and

Whereas this Universal Charging System could save money, frustration, and eliminate waste generated from electronic devices;

Therefore be it resolved that the Township of Langley request the Canadian Government to consider implementation of a Universal Charging System for electronic devices; and

That copies of this motion and request be submitted to the LMLGA, UBCM, and the FCM, as well as our local Members of Parliament.
