Whereas housing affordability has been drastically reduced in parallel to our build-out due to market conditions of relatively low supply, high demand, and high property values, which forces have resulted in a current average price of one million dollars for a detached single family residential home and \$450-\$500 for a townhouse and

\$300,00 for an average apartment;

Whereas the Township of Langley is mandated to provide a range of housing options further to the Housing Action Plan adopted in 2013, which plan outlines a strategy for the provision of affordable options and timelines; and

That this policy include an engagement strategy to include staff, developers, GVHBA, UDI, as well as local
