Township of Langley Restart Plan

Whereas:

1. The Province of British Columbia has now released a four step restart plan with specific “earliest dates” and required prerequisites from May 25, 2021 to September 7, 2021;
2. The Township of Langley has multiple recreational programs currently suspended with no confirmed timeline to resume, such as Active Beyond the Bell, summer camps, and so on; and
3. The Township of Langley has multiple facilities still closed with no confirmed timeline to reopen, such as the Civic Facility, Museums, Field Houses and Ice Arenas.

Therefore be it resolved that staff be directed to outline to Council a Township of Langley Restart Plan for suspended programs and closed facilities aligned with the prerequisites and dates currently outlined by the Province of British Columbia, subject to the availability of guidance from authoritative sports organizations, and subject to change as future events and the ongoing Provincial State of Emergency may require.
