Clerk's Note: Please note that all development prerequisites

listed in the Community Development Division report to Council of July 8, 2019 attached to the Bylaw have been completed other than development prerequisite number 10 requiring security of an easement and concurrence for site design changes on the existing Chevron gas station site at 8615 - 200 Street which has been addressed to the satisfaction

of the General Manager of Engineering and Community Development by modifying the site design to accommodate a right in only turn movement to the site from

200 Street. The site plan and landscape plans in Development Permit No. 101006 have been updated to reflect the revised access.

The Public Hearing for the Bylaw was held on July 22, 2019 with third reading given on September 9, 2019. In accordance with Council policy, staff advise that the Public Hearing for the Bylaw was held more than a year prior to the proposed final reading date. Although resolution of the development prerequisite items was on-going and the on-site rezoning signs remained in place, the Bylaw was delayed to allow for prioritization of other projects in relation to the DCC deadline and due to the COVID-19 impacts on the office leasing and hospitality sectors. Currently, the sectors are recovering, and the applicant is confident bringing the 200,000 SF of leasable space in the first office building to market.
